WHY RENT?

There are many reasons why renting your refuse trucks from Big Truck Rental may be the perfect solution compared to purchasing vehicles for your fleet. You can start a new pickup/collection contract without the typical upfront investment; kick off a new route or relationship without the possible strain on your cash flow.

If any of your trucks go down and are in for service, renting a truck from us gets you that replacement vehicle within 24 hours in most cases...to keep you rolling along with the day. Maybe there is an emergency storm cleanup or another sudden situation where time is of the essence and expansion of your service may be temporary. Try a brand-new route with one of our rented front, side or rear loaders to see what the right solution is for you.

- Truck Down
- Capital Constraints
- New Route/Contract
- Determine Equipment Requirements for New Route
- Seasonal Demand (Brush/Leaf Season)
- Storm Cleanup and Emergency Disasters
- Trucks Not Delivered
- Reduce Spares

WHAT MAKES OUR TRUCKS SO BIG?

We've been renting to and servicing this industry since 2002, and no one knows refuse truck rentals better than **Big Truck Rental**. A decade of offering high-quality trucks and superior customer service is what allows us to meet your needs in the best way possible. No matter what type of trash truck rental you require, we have it in stock and ready to get to work.

Our sole focus is to provide our customers with the newest trucks equipped with the finest specifications available. Big Truck Rental's premium rental fleet has only the newest trucks, averaging 18 months or less in age.
